

INFORMATION ON THE CHESTERFIELD HOSPITAL RE-DEVELOPMENT PROJECT

Friday 2nd August 2013

Dear Neighbour,

The week ahead Monday 5th August to Saturday 10th August

- Within the main hospital, installation of the new internal doors and sanitary ware continues on all levels as part of the 'final touches' to the new building.
- The floor finishes are currently being laid within the main hospital on the first and second floors as the project continues towards completion.
- Within the Grade II listed building, the meeting rooms are undergoing the last elements of their decoration and are expected to be completed imminently.
- The remaining works within the Grade II listed building now have shifted focus to the extension where the remaining elements of the internal fit-out will be completed.

The above photographs shows the current progress on the ground floor meeting rooms to the Grade II listed building (left) and the external facade to the main hospital (right) as of 29th July 2013.

If you have any queries on the above works that are taking place then please do not hesitate to contact me.

Best regards,

Simon
