

## INFORMATION ON THE CHESTERFIELD HOSPITAL RE-DEVELOPMENT PROJECT

Friday 31<sup>st</sup> May 2013

Dear Neighbour,

### The week ahead, Monday 3<sup>rd</sup> June to Saturday 8<sup>th</sup> June

- On the site works side of things, much of the same over the coming week with works progressing both internally and externally on the new hospital building.
- All trades imaginable are now progressing works throughout the hospital.
- Specialist sub-contractors are now on site working on the operating theatres and radiology units.
- Works to the stable block are on-going.
- The Grade II listed building works are still progressing and are now in the final 'finishing works' stage. The scaffolding that has shrouded the entire building since commencement of the project is now gradually being removed. Practical completion for this building is early July.

*The above photograph shows the front façade of the Grade II\* listed building partially free from scaffolding.*

If you have any queries on the above works that are taking place, then please do not hesitate to contact me.

Best regards,

*Steve*
