

INFORMATION ON THE CHESTERFIELD HOSPITAL RE-DEVELOPMENT PROJECT

Friday 7th September 2012

Dear Neighbour,

Saturday 8th September

- There will be a small crew working on site undertaking drainage works. No deliveries are anticipated.

Following on from last week, here's another photograph for your interest taken of the locale from the top of the tower crane. This is the view looking out over the Fosseway Court complex towards Queens Road and the City Centre.

The week ahead

- Works will continue on the foundation slab of the new building.
- Ready-mix concrete lorries will be delivering to site throughout the week.
- A small number of deliveries of re-enforcement bar will also take place.
- Installation of site wide drainage will continue.
- A very small amount of spoil generated by the drainage works will be removed from site using the muck-away lorries

Best regards,

Steve
